

仁濟醫院專欄#35 | 家校合作助孩子適應小學生活 - 林美霞校長

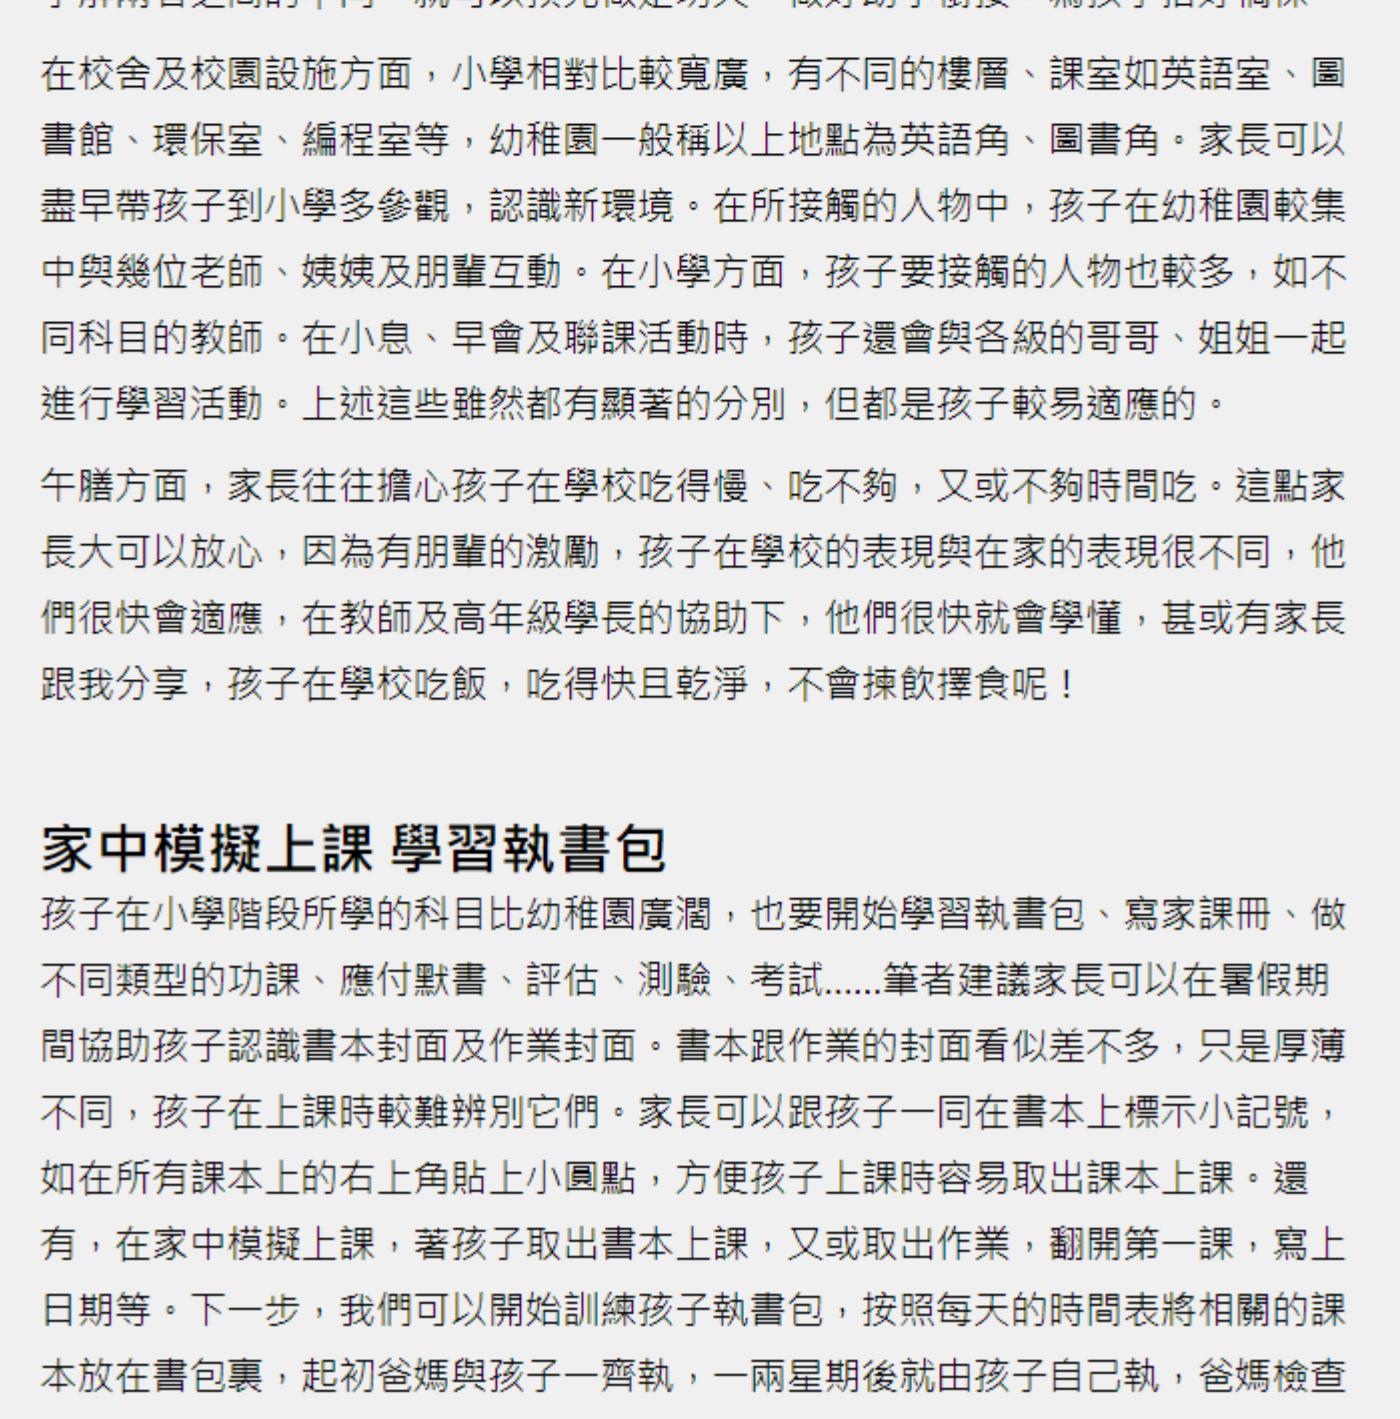

Figure 1. A photograph of the solar panel system.

卷之三

A group of young children, likely preschool or kindergarten age, are gathered in a classroom. In the foreground, a girl with dark hair and bangs, wearing a white polo shirt with blue trim, is looking directly at the camera. To her right, a boy with blonde curly hair, wearing a light blue polo shirt with a school crest, is smiling and making a peace sign with his hand. In the background, other children are visible, some sitting on the floor and others standing. A red "no shoes" sign is mounted on the wall in the background.

首先，我們一起了解一下幼稚園的校園生

我又常常聽到家長及幼稚園校長說：「一講到小一默書、測考就頭痛了」，因為幼稚園是沒有默書及測考的……」這項對很多孩子及家長來說，真的有壓力，特別是雙職父母。筆者建議家長可以在選校時花點功夫，選一些合適孩子的學校。多了解學校的辦學理念，選擇幼小銜接做得不錯的學校。畢竟學習的路漫長，免得孩子承受太大的壓力，打擊了他們的學習興趣與動機。家長可以選擇一些能讓孩子循序漸進發展的學校，如小一上學期沒有測驗及考試，以進展性評估模式代替測考的學校，讓家長了解孩子學習進度之餘，亦有足夠時間讓他們適應校園生活及測考模式。

The image shows the exterior of a primary school building. The name of the school is displayed prominently in large, gold-colored letters on the facade. The letters spell out "仁濟醫院趙曾學韻小學" in Chinese characters and "CHI LI SANG HOIK WAN PRIMARY SCHOOL" in English. To the left of the main entrance, there is a small emblem or crest. Two young girls are standing in front of the school entrance, smiling at the camera.
